

In House Family Dental Membership

Periodontal Patient Plan

The in house plan is designed for families without traditional dental insurance benefits.

The goal of the plan is to enable families to afford the necessary preventive and restorative care that is so vital to a good dental health.

Perio plan includes with:

- 2 periodic examinations per 12- month period (AKA check-ups)
- 4 periodontal maintenance visits per 12- month period (AKA cleanings)
- 1 set of bitewing x-rays per 12 month period
- 10% discount on all other services during the 12-month period

Standard plan cost per patient = \$375.00

Compare

Without member cost per patient = \$636.00

Savings = \$261 !!

Please note that the entire fee must be paid in full at the enrollment visit. The next visit must take place within the 6 months from the enrollment date. The plan ends 12 months from the date of enrollment and any unused services will be forfeited. Services such as limited exams for unexpected dental emergencies cannot be substituted for the periodic exam. In the event that traditional insurance benefits are acquired during the 12-month period there will be no refund given for unused services.

Please do not hesitate to call our office 215-946-9469 with any questions.
